

Partnerships in Clinical Trials Europe

Partnerships in Clinical Trials Europe | 28-29 November 2017 | RAI, Amsterdam

Partner your way to clinical success...

Sound interesting? Then you're in the right place. Attracting 1000+ industry professionals from across the clinical spectrum, PCT Europe provides you with the ultimate platform to get the latest industry updates on clinical partnerships, regulations and innovations, as well as recipes for successful clinical partnerships with case study examples.

Join us this year for the latest content covering:

- Partnerships and Collaboration
- Investigator and Industry: How can they work together?
- Mobile eHealth
- Governance, Oversight and Quality
- Partnership Management
- Patients as Partners
- Disruptive Innovation, Technology and Big Data
- Small to Mid-Size Pharma and Biotech

SEE THE FULL AGENDA: <https://goo.gl/Jfx7ef>

In addition to these 8 topical tracks, supplement your time out of the office with a Briefing Day on the outsourcing and partnering forum and three Pre-Conference Workshops on: Making the Development of New Treatments More Patient Focused, Project Management in Clinical Trials and Conflict and Communication, and Clinical Trial Budget Management and Forecasting.

AND, on top of all of that, achieve your goals with unrivalled networking opportunities. At PCT Europe you will be in the perfect setting to build new relationships and connect with potential partnership prospects.

Network. Exchange. Collaborate. The future of clinical trials is here. Book your place today...
