

PCMG OUTSOURCING ASSEMBLY 2022

7TH TO 9TH SEPTEMBER, DOUBLETREE HILTON, KRAKOW, POLAND

Clinical trial management has never been tested to such extremes. Outsourcing Management is central to channelling adversity into opportunities for trial success. PCMG's annual gathering of outsourcing professionals is so more than a conference. It is an Assembly of outsourcing colleagues from large, small and biotech trial sponsors combined with counterparts from the broad landscape of suppliers. We share experiences in best practice and explore new ideas openly and objectively, in a forum where participants can truly say 'I can make a difference'. This is the power of PCMG's ASSEMBLY 2022.

Wednesday 7 September

12:00 (local time)	PCMG Airport shuttle service begins	
16:30	Registration & refreshments	
17:30	Welcome and Introduction	Rob Aitchison, 4C Life Sciences

18:40	Welcome Reception Sponsored by	

Thursday 8 September

08:00	Registration & Coffee Sponsored by	
08:45	Introduction to the day	
I NEED TO HARNESS CHANGE: Will we revert to pre-pandemic practices, or have we locked in the efficiencies implemented?		
09:00	Riding the Storm: Is change the only reliable constant? Facilitated by Steve Martindill, Gilead <i>The last 2 years has arguably been the most challenging time for the industry and the globe as we know it. What has the industry learned from the experience? What processes have changed or been retained? What is currently being done as a result? Pharma and CRO represented panel both from</i>	Ulrich Rester - Bayer Ruediger Rothfuchs - Roche Mitsu Rana - ICON plc Sara Sandbach – Astra Zeneca

	<i>an operations and procurement perspective gives their insights how the rebuilding of R&D has evolved and the current state of play. An exciting and provocative debate that promises to grab your attention and leave you wanting more!</i>	
09:55	Energiser question	
10:00	DCT: Decentralized Clinical Trials or Don't Care Trying. A default strategy or optional extra? Facilitator: Richard Young, Veeva <i>Learn how the adoption of DCT technology and service offerings have changed in the pandemic and the extent to which sponsors are seeking to incorporate and measure the benefits of these various offerings in their outsourcing strategies. What benefits should you expect and what are the options for outsourcing these technologies and services</i>	Hilde Vanaken - TCS Life Sciences James Chennells – Bayer plc Joyce Moore - Thread Helen Kirkby – The Virtual Clinical Trials Centre
10:50	Networking break	Sponsored by Medidata
11:35	Driving Change: An out-of-industry experience from the automotive sector <i>From the rise and fall of the British auto industry, to the dawn of the electric revolution, Dr Andy Palmer has spent more than 40 years in the auto industry managing seismic change and adaptation. PCMG invites a different perspective from another heavily regulated and research-based industry that has to adapt or collapse in an ever-changing environment. What can pharma outsourcing learn from the man dubbed the 'Godfather of EVs' due to his role in pioneering the world's first mass-market electric car at Nissan, and from saving a struggling British flagship in Aston Martin.</i>	Andy Palmer, CEO of SWITCH mobility, Chair of InoBat, Chair of HiLo, SID at PodPoint
12:15	Lunch break Sponsored by	 eurofins BioPharma Services
I NEED GOOD PEOPLE! The - short- and long-term impact in outsourcing from the skills shortage crisis		
13:35	It's not you, it's me. How economic forces have contributed to industry shortages <i>A macro view with a financial focus on the trends in the industry that have led to staff shortages; pandemic investment, the great resignation, and the great acceleration</i>	Andre Valente - L.E.K. Consulting
14:10	Where is everybody? Facilitated by: Mike Ryan, Eversana Debate – Seriously, what started it and where does it finish. Does it finish?? <i>We will have a more provocative discussion with multiple perspectives on what is the real cause of the shortage; Sponsor demands, driving down prices, move to FSP, sign on bonuses, everyone demanding tenured staff</i>	Kay Smith - Astra Zeneca Kirstin Connell - Syneos Vincent Lody - Pharmiweb John Connell - MAC
15:00	Priming the pump – The Tomorrow People? <i>How we can attract new talent to the industry and upskill resource through education, apprenticeship programs and academy offerings. Will innovation and automation help or will we create a new skills gap as we change the way we work?</i>	Rosie McKellar, Worldwide Clinical Trials Rob Middel - J&J

15:45	<p>Networking break Sponsored by</p>	 <p>Tech Observer <i>Bringing Success through Perfection</i></p>
